■ SUBJECT INDEX

■ A

Acarbose
Diabetes in the elderly: studies dispel common misconceptions (Grand Rounds). Mooradian A. 5
Accidents, occupational
The injured worker: assessing "return-to-work" status. Mazanec DJ. 166
Acquired immunodeficiency syndrome
Protease inhibitors: promising new weapons against HIV. Isada CM. 204
Albuminuria
Diabetic nephropathy: strategies for preventing renal failure. Salem JK, Hoogwerf BJ. 331
Alternative medicine
Shark cartilage: the Laetrile of the 1990s (editorial). Markman M. 179
Shark cartilage and cancer (letter). Homler H. 305
Anorexia nervosa
Eating disorders in adolescents and young adults: What's a primary care physician to do? Rome ES. 387
Antibiotic resistance
Changing diagnostic and treatment strategies for chronic sinusitis. Wagner W. 396
Antidepressant drugs
New antidepressants: more options for tailoring treatment. Muzina DJ, Malone DA Jr. 406
Atrial fibrillation
Strategies for managing atrial fibrillation. Katcher MS, Foote CB, Homoud M, Wang PJ, Estes NAM 3rd.282
Autoimmunity, prevention
Prevention of insulin-dependent diabetes mellitus: an overview of three trials. Schatz DA, Rogers DG, Brouhard BH. 270

■ B

Battered women
Battered women: how the primary care practitioner can help (Grand Rounds). Henry CA, Hull AF. 199
Bayesian analysis
Preoperative evaluation before noncardiac vascular surgery (Cardiology Dialogue). Eagle KA, Lauer MS. 325
Benign prostatic hypertrophy
Benign prostatic hyperplasia: an approach for the internist. Zippe CD. 226
Blood transfusion
Platelet transfusion therapy for medical and surgical patients. Hussein MA, Hoeltge GA. 245
Preoperative autologous blood donation: clinical, economic, and ethical issues. Domen RE. 295
Bone marrow transplantation
Acute myelogenous leukemia in first remission. Kalaycioglou ME. 91
Bone neoplasms
Bone scintigraphy screening in stage I–II breast cancer: Is it cost-effective? Wikenheiser KA, Silberstein EB. 43
Breast neoplasms
Bone scintigraphy screening in stage I–II breast cancer: Is it cost-effective? Wikenheiser KA, Silberstein EB. 43
An update on breast cancer: evolving treatments and persistent questions. Crowe JP Jr. 48
Bulimia
Eating disorders in adolescents and young adults: What's a primary care physician to do? Rome ES. 387
Burning mouth syndrome
A 59-year-old man with mouth pain (Internal Medicine Board Review). O'Hagan AR, Thacker HL. 147

■ C

Cancer, breast
An update on breast cancer: evolving treatments and persistent questions. Crowe JP Jr. 48
Cancer, colorectal
Colon polyps: diagnosis, treatment, surveillance (Grand Rounds). van Stolk RU. 84
Cancer chemotherapy
Platelet transfusion therapy for medical and surgical patients. Hussein MA, Hoeltge GA. 245
What does tumor shrinkage mean to the patient receiving chemotherapy? Markman M. 301
Cardiovascular disease
Cardiovascular disease in renal failure: risk assessment, screening, treatment (Grand Rounds). Nally JV Jr. 138
Cholesterol
Cholesterol lowering: perspectives on the 4S and West of Scotland studies. Olin JW. 80
Clinical Decision-Making
New series: Clinical Decision-Making at the crossroads. Hoffman GS. 42
Clinical trials
The dark side of evidence-based medicine. Horwitz RI. 320
Cluster headache
Advances in cluster headache management. Lewis TA, Solomon GD. 237
Colon polyps
Colon polyps: diagnosis, treatment, surveillance (Grand Rounds). van Stolk RU. 84
Communicable diseases
Recognizing and treating new and emerging infections encountered in everyday practice. Gordon SM. 172
Community-acquired infections
Community-acquired pneumonia: an update. Meeker DP, Longworth DL. 16
Complement deficiency
Fever, rash, and arthralgias in a male adolescent (Internal Medicine Board Review). Clough JD. 378
Computers
Medicine and the Internet: why physicians should pay attention (Grand Rounds). Mehta NB. 315
Conscious sedation
Conscious sedation: what an internist needs to know. Higgins TL, Hearn CJ, Maurer WG. 355
Continuous positive airway pressure
Treatment of obstructive sleep apnea: the role of nasal continuous positive airway pressure. Patel SR, Golish JA, Stelmach K. 12
Coronary angioplasty
Should community hospitals perform angioplasty for acute myocardial infarction? (Cardiology Dialogue). Weaver WD, Sutton JM. 57
Coronary disease
Cardiac rehabilitation: not just exercise anymore. Pashkow FJ. 116
Cost-effectiveness
Contemporary issues in cost-effective drug therapy (Grand Rounds). McWhinney BD, Goldman MP. 261
Cytarabine
Acute myelogenous leukemia in first remission. Kalaycioglou ME. 91

■ D

Dementia
Idiopathic hypoparathyroidism in a blind, deaf, elderly woman with dementia. Aberg JA, Gorbien MJ. 156
Depression
New antidepressants: more options for tailoring treatment. Muzina DJ, Malone DA Jr. 406
Diabetes mellitus
Diabetes in the elderly: studies dispel common misconceptions (Grand Rounds). Mooradian A. 5
Prevention of insulin-dependent diabetes mellitus: an overview of three trials. Schatz DA, Rogers DG, Brouhard BH. 270
Smoking and the complications of diabetes mellitus (Grand Rounds). Reddy SSK. 373
Diabetic nephropathy: strategies for preventing renal failure. Salem JK, Hoogwerf BJ. 331
Diet
Understanding obesity: the interaction of diet, genetics, and hormones (Grand Rounds). Rosenfeld CR. 317
Dipyridamole-thallium scanning
Preoperative evaluation before noncardiac vascular surgery (Cardiology Dialogue). Eagle KA, Lauer MS. 325
Disease outbreaks
Recognizing and treating new and emerging infections encountered in everyday practice. Gordon SM. 172
Domestic violence
Battered women: how the primary care practitioner can help (Grand Rounds). Henry CA, Hull AF. 199
Dyspnea
A 37-year-old woman with end-stage cirrhosis, progressive dyspnea, platypnea, and hypoxemia (Internal Medicine Board Review). Lange PA, Stoller JK. 8

■ E

Eating disorders
Eating disorders in adolescents and young adults: What's a primary care physician to do? Rome ES. 387
Echocardiography
Cardiac imaging techniques: which, when, and why. Thomas JD, Griffin BP, White RD. 213
Elderly
Diabetes in the elderly: studies dispel common misconceptions (Grand Rounds). Mooradian A. 5
Idiopathic hypoparathyroidism in a blind, deaf, elderly woman with dementia. Aberg JA, Gorbien MJ. 156
Electronic publishing
Further education of those who serve @ ccf.org (editorial). Clough JD. 197
The Internet and medical journals (letter). Small J. 305

Emerging infections
Recognizing and treating new and emerging infections encountered in everyday practice. Gordon SM. 172
Employment
The injured worker: assessing "return-to-work" status. Mazanec DJ. 166
Endoscopy
Colon polyps: diagnosis, treatment, surveillance (Grand Rounds). van Stolk RU. 84

Peptic ulcer disease: perspectives on some common dilemmas. Choudari CP. 381
Enzyme-linked immunosorbent assay
Interpreting serologic tests for hepatitis C virus infection: balancing cost and clarity. Long GS, Bacon BR, Di Bisceglie AM. 264
Estrogen
Current issues in menopausal hormone replacement therapy. Thacker HL. 344
Evidence-based medicine
The dark side of evidence-based medicine. Horwitz RI. 320
Exercise
Cardiac rehabilitation: not just exercise anymore. Pashkow FJ. 116
Exercise and hypertension: common questions (Grand Rounds). Halperin AK. 201

F

Fibromyalgia
Is fibromyalgia a useful diagnostic label? (Grand Rounds). Hadler NM. 85
Fibromyalgia: more than a label (editorial). Wilke WS. 87
Firearms
Handguns (letter). Stone CT Jr. 304
For-profit hospitals
Can medicine serve both humanity and the bottom line? (editorial). Clough JD. 257

G

Glycoprotein IIb/IIIa inhibitors
The clinical role of platelet glycoprotein IIb/IIIa receptor inhibitors in ischemic heart disease. Lefkovits J, Topol EJ. 181
Gout
Individualizing the treatment of gout. George TM, Mandell BF. 150
Graves' disease
The different faces of thyrotoxicosis (Grand Rounds). Braverman LE. 259
Guinea worm disease
Eradication of polio and guinea worm disease (Grand Rounds). Hopkins DR. 375
Successes in disease eradication: lessons for the future (editorial). Clough JD. 371

H

Haemophilus influenzae
Changing diagnostic and treatment strategies for chronic sinusitis. Wagner W. 396
Heart function tests
Cardiac imaging techniques: which, when, and why. Thomas JD, Griffin BP, White RD. 213
Helicobacter pylori
Peptic ulcer disease: perspectives on some common dilemmas. Choudari CP. 381
Hepatitis C
Interpreting serologic tests for hepatitis C virus infection: balancing cost and clarity. Long GS, Bacon BR, Di Bisceglie AM. 264
Hepatopulmonary syndrome
A 37-year-old woman with end-stage cirrhosis, progressive dyspnea, platypnea, and hypoxemia (Internal Medicine Board Review). Lange PA, Stoller JK. 8
HMG-CoA reductase inhibitors
Cholesterol lowering: perspectives on the 4S and West of Scotland studies. Olin JW. 80
Hormone replacement therapy
Current issues in menopausal hormone replacement therapy. Thacker HL. 344
Human immunodeficiency virus
Protease inhibitors: promising new weapons against HIV. Isada CM. 204
Hypercholesterolemia
Lipid-regulating and antiatherosclerotic therapy: current options and future approaches (published correction appears in Cleve Clin J Med 1996; 63:130). Gotto AM. 31
Hypertension
Exercise and hypertension: common questions (Grand Rounds). Halperin AK. 201
Hypertensive hypertrophic cardiomyopathy
An 81-year-old woman with dyspnea on exertion (Internal Medicine Board Review). Williams B, Isaacson JH, Lauer MS. 209
Hypoparathyroidism
Idiopathic hypoparathyroidism in a blind, deaf, elderly woman with dementia. Aberg JA, Gorbien MJ. 156
Hypoxemia
A 37-year-old woman with end-stage cirrhosis, progressive dyspnea, platypnea, and hypoxemia (Internal Medicine Board Review). Lange PA, Stoller JK. 8
Hypoxia
Conscious sedation: what an internist needs to know. Higgins TL, Hearn CJ, Maurer WG. 355

I

Internet
Further education of those who serve @ ccf.org (editorial). Clough JD. 197
The Internet and medical journals (letter). Small J. 305
Medicine and the Internet: why physicians should pay attention (Grand Rounds). Mehta NB. 315
Intravenous immunoglobulin
The use of intravenous immunoglobulin in rheumatic diseases (Clinical Decision-Making). Cruz-Esteban C, Hoffman GS. 340

K

Kidney disease
Diabetic nephropathy: strategies for preventing renal failure. Salem JK, Hoogwerf BJ. 331

L

Left ventricular hypertrophy
An 81-year-old woman with dyspnea on exertion (Internal Medicine Board Review). Williams B, Isaacson JH, Lauer MS. 209
Leptin
Understanding obesity: the interaction of diet, genetics, and hormones (Grand Rounds). Rosenfeld CR. 317
Leukemia, myelocytic, acute
Acute myelogenous leukemia in first remission. Kalaycioglou ME. 91
Lipid-lowering agents
Lipid-regulating and antiatherosclerotic therapy: current options and future approaches (published correction appears in Cleve Clin J Med 1996; 63:130). Gotto AM. 31
Low back pain
Multidisciplinary intensive treatment for chronic low back pain: a randomized, prospective study. Bendix AF, Bendix T, Vægter K, Lund C, Frølund L, Holm L. 62
Lupus nephritis
Managing lupus nephritis: algorithms for conservative use of renal biopsy. Salach RH, Cash JM. 106
Lupus erythematosus, systemic
Outpatient management of systemic lupus erythematosus. Sims GN Jr, Smith HR. 94
Lymphangioleiomyomatosis
A 36-year-old woman with progressive shortness of breath and chylous pleural effusion (Internal Medicine Board Review). Dweik RA, Arroliga AC. 129

M

Managed care
An ounce of prevention... (editorial). Clough JD. 136
Can medicine serve both humanity and the bottom line? (editorial). Clough JD. 257
Medical economics
Preventive cardiology: Whose job is it? Who will pay for it? What is the best strategy? (Cardiology Dialogue). Levy D, Sprecher DL. 275
Health quality data: Are flawed data better than none? (editorial). Clough JD. 75
Can medicine serve both humanity and the bottom line? (editorial). Clough JD. 257

A renewed mission and a new look (editorial). Clough JD, Hengstler LK. 312
Meningitis
Fever, rash, and arthralgias in a male adolescent (Internal Medicine Board Review). Clough JD. 378
Menopause
Current issues in menopausal hormone replacement therapy. Thacker HL. 344
Myocardial ischemia
The clinical role of platelet glycoprotein IIb/IIIa receptor inhibitors in ischemic heart disease. Lefkovits J, Topol EJ. 181
Myocardial infarction
Should community hospitals perform angioplasty for acute myocardial infarction? (Cardiology Dialogue). Weaver WD, Sutton JM. 57

N

Neisseria meningitidis
Fever, rash, and arthralgias in a male adolescent (Internal Medicine Board Review). Clough JD. 378

O

Obesity
Understanding obesity: the interaction of diet, genetics, and hormones (Grand Rounds). Rosenfeld CR. 317

P

Patient care team
Multidisciplinary intensive treatment for chronic low back pain: a randomized, prospective study. Bendix AF, Bendix T, Vægter K, Lund C, Frølund L, Holm L. 62

Peptic ulcer disease
Peptic ulcer disease: perspectives on some common dilemmas. Choudari CP. 381
Pharmacoeconomics
Contemporary issues in cost-effective drug therapy (Grand Rounds). McWhinney BD, Goldman MP. 261
Physician satisfaction
Physician job satisfaction: reversing the decline (Grand Rounds). Suchman AL. 137
Platelet membrane glycoproteins
The clinical role of platelet glycoprotein IIb/IIIa receptor inhibitors in ischemic heart disease. Lefkovits J, Topol EJ. 181
Platelet transfusion
Platelet transfusion therapy for medical and surgical patients. Hussein MA, Hoeltge GA. 245
Pneumonia
Community-acquired pneumonia: an update. Meeker DP, Longworth DL. 16
Polio
Successes in disease eradication: lessons for the future (editorial). Clough JD. 371
Eradication of polio and guinea worm disease (Grand Rounds). Hopkins DR. 375
Polymerase chain reaction
Interpreting serologic tests for hepatitis C virus infection: balancing cost and clarity. Long GS, Bacon BR, Di Bisceglie AM. 264
Positive-pressure respiration
Treatment of obstructive sleep apnea: the role of nasal continuous positive airway pressure. Patel SR, Golish JA, Stelmach K. 12
Practice guidelines
Practice guidelines and physician scorecards: grading the graders (Cardiology Dialogue). Vogel RA, Topol EJ. 124
Preventive medicine
An ounce of prevention... (editorial). Clough JD. 136
Commentary on the new Guide to Clinical Preventive Services. Henry CA, Bronson DL. 141
Preventive cardiology: Whose job is it? Who will pay for it? What is the best strategy? (Cardiology Dialogue). Levy D, Sprecher DL. 275
Prostatic hypertrophy
Benign prostatic hyperplasia: an approach for the internist. Zippe CD. 226
Protease inhibitors
Protease inhibitors: promising new weapons against HIV. Isada CM. 204
Public health
An ounce of prevention... (editorial). Clough JD. 136
Successes in disease eradication: lessons for the future (editorial). Clough JD. 371
Eradication of polio and guinea worm disease (Grand Rounds). Hopkins DR. 375
Pulmonary function
A 36-year-old woman with progressive shortness of breath and chylous pleural effusion (Internal Medicine Board Review). Dweik RA, Arroliga AC. 129

Q

Quackery
Shark cartilage: the Laetrile of the 1990s (editorial). Markman M. 179
Shark cartilage and cancer (letter). Homler H. 305
Quality assurance
Health quality data: Are flawed data better than none? (editorial). Clough JD. 75
Practice guidelines and physician scorecards: grading the graders (Cardiology Dialogue). Vogel RA, Topol EJ. 124
Health quality data (letter). Morley JC, Harper DL. 303
Health quality data (reply). Clough JD. 304
Quality of life
What does tumor shrinkage mean to the patient receiving chemotherapy? Markman M. 301

R

Radionuclide imaging
Bone scintigraphy screening in stage I–II breast cancer: Is it cost-effective? Wikenheiser KA, Silberstein EB. 43
Rehabilitation
Cardiac rehabilitation: not just exercise anymore. Pashkow FJ. 116
Renal biopsy
Managing lupus nephritis: algorithms for conservative use of renal biopsy. Salach RH, Cash JM. 106
Renal disease
Cardiovascular disease in renal failure: risk assessment, screening, treatment (Grand Rounds). Nally JV Jr. 138
Rheumatic diseases
The use of intravenous immunoglobulin in rheumatic diseases (clinical decision making). Cruz-Esteban C, Hoffman GS. 340
Risk factors
Lipid-regulating and antiatherosclerotic therapy: current options and future approaches (published correction appears in Cleve Clin J Med 1996; 63:130). Gotto AM. 31
Cholesterol lowering: perspectives on the 4S and West of Scotland studies. Olin JW. 80
Cardiovascular disease in renal failure: risk assessment, screening, treatment (Grand Rounds). Nally JV Jr. 138
Preoperative evaluation before noncardiac vascular surgery (Cardiology Dialogue). Eagle KA, Lauer MS. 325
Smoking and the complications of diabetes mellitus (Grand Rounds). Reddy SSK. 373

S

Scientific publishing
What now for the Cleveland Clinic Journal of Medicine? (editorial). Clough JD. 4
A renewed mission and a new look (editorial). Clough JD, Hengstler LK. 312
Sedating agents
Conscious sedation: what an internist needs to know. Higgins TL, Hearn CJ, Maurer WG. 355
Selective serotonin-reuptake inhibitors
New antidepressants: more options for tailoring treatment. Muzina DJ, Malone DA Jr. 406
Shark cartilage
Shark cartilage: the Laetrile of the 1990s (editorial). Markman M. 179
Shark cartilage and cancer (letter). Homler H. 305
Sinusitis, chronic
Changing diagnostic and treatment strategies for chronic sinusitis. Wagner W. 396
Sleep apnea syndromes
Treatment of obstructive sleep apnea: the role of nasal continuous positive airway pressure. Patel SR, Golish JA, Stelmach K. 12
Smoking
Smoking and the complications of diabetes mellitus (Grand Rounds). Reddy SSK. 373
Streptococcus pneumoniae
Community-acquired pneumonia: an update. Meeker DP, Longworth DL. 16
Stroke
Therapy for acute ischemic stroke: the door opens. Interpreting the NINDS rt-PA stroke study. Sila CA, Furlan AJ. 77
Sumatriptan
Advances in cluster headache management. Lewis TA, Solomon GD. 237
Syndrome of out-of-sorts
Is fibromyalgia a useful diagnostic label? (Grand Rounds). Hadler NM. 85
Systemic vasculitis
The use of intravenous immunoglobulin in rheumatic diseases (Clinical Decision-Making). Cruz-Esteban C, Hoffman GS. 340

T

Thrombolysis
Therapy for acute ischemic stroke: the door opens. Interpreting the NINDS rt-PA stroke study. Sila CA, Furlan AJ. 77
Thyrotoxicosis
The different faces of thyrotoxicosis (Grand Rounds). Braverman LE. 259
Tissue plasminogen activator
Therapy for acute ischemic stroke: the door opens. Interpreting the NINDS rt-PA stroke study. Sila CA, Furlan AJ. 77
Tumor response
What does tumor shrinkage mean to the patient receiving chemotherapy? Markman M. 301

W

Work capacity evaluation
The injured worker: assessing "return-to-work" status. Mazanec DJ. 166
